

## Measurements needed for a custom fit covered wagon tarp.

1. \_\_\_\_\_ The width across the front bulkhead
2. \_\_\_\_\_ On the side of the trailer the distance from the front bulkhead to the back of the first full height bow
3. \_\_\_\_\_ In the center of the trailer the distance from the bulkhead to the back side of the first full height bow
4. \_\_\_\_\_ The distance from the back side of the first full height bow to the back side of the last bow
5. \_\_\_\_\_ The amount of rise on the last bow
6. \_\_\_\_\_ Distance across the last bow (top of the side kit up and over to the other side)
